

## Our added value

Our vending machines are the result of experience and know-how acquired in over 50 years of history, and are made unique by a number of outstanding features.

### Espresso

We treat freshly ground beans so as to preserve and exploit the full qualities of bean coffee

### Specialities

Top quality beverages and mixes are available to satisfy everyone's taste, like rhea's unique, world-wide imitated moccacino®

### tm-on

Remote control telemetry

### Easy to pay

You can pay for your drinks quickly and easily, with an RFID card or several other ways.

### Instant

Mixes to perfection coffee and other soluble products.

### Variflex

A new adjustable brewer to offer a wide range of beverages, from espresso to American black coffee.

### Family feeling

Our wide and articulated range of free standing and table-top machines is unique, and capable of tailoring every need.

### Programmable

Highly flexible and personal drink profiling can be achieved either via the machine's display or with our iRektion support software.

## Maximum functionality

The table-top machines of rheavendors group can be fitted with a base cabinet with a drawer for sugar and stirrers, and a cup holder: an optimal space to store products. Everything always at hand!

Moreover a new support for cino xs grande and cino eC to contain the coffee grounds.

 **table top**  
small is beautiful

With more than 50 years of vending experience, rheavendors group is an opinion-making company that delivers avant-garde technical solutions and upper-class industrial design.

Thanks to this exclusive balance of competences, rheavendors can offer a wide range of table-top machines, for every location and need.

Elegant, smart, alive with displays and lights, these machines can be configured in many different ways thanks to their choice of accessories: they can offer a world variety of professional, high quality drinks, from espresso to American black coffee, from cappuccino to hot chocolate.
